NOTES AND COMMENTS.

The Proposed Nursing Institute.

The steps taken at Saturday's meeting with
regard to the establishment of a nursing in-
stitution for Hongkong are such as should
appeal to the whole foreign community.Trained nurses are a necessity everywhere,
and much more so in such a place as Hong-
kong, which can hardly be described as
particularly healthy. The prospect before
the Colony of being left with no nurse avail-
able after June next is not a pleasant one,
and we are pleased to see that steps are being
taken to remedy the matter.The offer made by Dr. Stedman of house-
room at the Peak Hospital for the nurses
until some other accommodation can be
found for them, is certainly a most generous
one, and the community should be cor-
respondingly grateful to the proprietors of this
institution for their public spirited offer.We cannot, ourselves, see that there ought
to be any difficulty in carrying the scheme
for a nursing institute through. As Dr.
STEDMAN pointed out, it is not a charity
which the public are asked to support, but an
institution which is a necessity and which
should certainly be established without
delay. At the present time we believe, many
people are deterred from engaging the avail-
able nurses by the knowledge that they are
not often available, and we think that an in-
stitution on the lines proposed at Saturday's
meeting will lead to nurses being more
extensively employed than formerly, and this
will mean that the deficit will not be so
great as it has been each year in the case of
the Government nurses. Add to this the
fact that Government institutions are in-
variably expensive, and we think that there
can be no doubt but that a nursing institute
can soon be put upon a self supporting basis
in the Colony. At all events, we hope that
the public will come forward generously, as
the proprietors of the Peak Hospital have
already done, and so give the new departure
a fair start.

Channel and along the S. coast of China during
the next 24 hours. Forecast—N. to N.E. winds,
freshening; changeable.On the 11th at 12.5 p.m. the barometer has
risen on the China coast, particularly in the
North. Pressure is high over N. China, and
the depression has probably reached E. Japan.
Gradients moderate with strong monsoon on
the coast, and increasing monsoon over the N.
part of the China Sea. Forecast—Fresh N.E.

LOCAL AND GENERAL.

THE Hon. A. M. Thompson, Colonial Treasurer,
left for home to-day by the French mail on
leave. A large number of friends proceeded to
the steamer to wish him bon voyage, etc.THE Annual Meeting of the Finance Com-
mittee of the Alice Memorial and Netherlands
Hospitals will be held at the Alice Memorial
Hospital on Thursday, 14th inst., at 5 p.m.We hear that the Centurions are to be the next
ship's company to have a try at the raising of
the capsize dredger. Several rumours are
about as to the means to be adopted, but in factMANY people, we hear, are having their future
fortune discussed by Madame Zaria, and most
of us would like to know what Fortune's wheel
has in store for us. The only questions barred,
we believe, are political ones, such as the Crisis
in the North, what will be the future of China,
will the War Office be spring-cleaned, and the
like. For such questions there is no answer.This Commandant's parade in connection with
the Hongkong Volunteer Corps was held on the
Polo Ground, Causeway Bay, on Saturday after-
noon, the parade being a kind of rehearsal for
the annual inspection by H.E. the General
Officer Commanding. The Commandant ex-
pressed his satisfaction at the manner in which
the men acquitted themselves, and impressed
upon them the necessity of as many as possible
of the members of the Corps attending the in-
spection.ACCORDING to the Extract of Meteorological
Observations made at the Observatory during
the month of February, the mean temperature
was 54.8°, the maximum being 66.2° on the
27th, and the minimum 38.4° on the 5th. The
mean barometric pressure for the month was
30.25 in. Rain fell on the nine days, the total
fall being 0.765 in. The total sunshine re-
corded amounted to 98.6 hours, the sun being
totally obscured on ten days, while the greatest
amount of sunshine registered on any one day
was 10.4 hours on the 5th. The prevailing
wind direction was N.E. by N.It is seldom that more than a dozen seagulls
or terns are seen together in Hongkong; these
birds apparently only coming into the harbour
in very cold or heavy weather. Yesterday,
however, there was a very large flock of two
species of gull assembled near Tsing-wan Bay,
where they were busily picking up the bits of
garbage thrown over from the dustboats. The
flock must have numbered some three or four
hundred birds and we do not remember ever
having seen so many together in the neigh-
bourhood of the Colony. The heavy weather
reported in the China Sea of late may perhaps
account for their thus congregating, or it may
be that the birds were assembling prior to
moving north.At the Sanitary Board meeting held last
Thursday afternoon, correspondence was sub-
mitted which pointed out that the law
prohibiting the use of verandahs as store-
rooms, living rooms, etc., was not observed.
It appears to be a question of partitions or
no partitions in the verandahs, and would
seem to have been raised by some official with
little to do and plenty of time to do it. As
H.E. the Governor said, in asking the opinion
of the Sanitary Board on the subject, doing
away with partitions would naturally do away
with all privacy of the residents. It seems
to us that it would open up a fine field for
easily accomplished robberies, and if partitions
are done away with, the police force should
certainly be increased first. Mr. Osborne at
the Sanitary Board Meeting said the verandah
question was apparently a trivial one, and later
on during the discussion the President admitted
as much. "One of his assistants had found out
(rather late in the day, perhaps) that the
partitions were against the Building Ordinance,
and against the law." It is satisfactory to note
that Mr. Osborne did not agree with his assis-
tant's view of this valuable information. The
general opinion of the Sanitary Board seemed
to be the very sensible one that partitions
ensured a certain degree of privacy, that they
afforded the means of sitting in the verandah
without being disturbed in the evening, and
that much could be said in favour of little
against them. The only dissentient seems to
have been Dr. Bell. He didn't care what the
custom was, he was "agin" it. He had his
opinions and he'd tell the Government. How-
ever, an amendment was proposed and carried
that the Government be asked not to move in
the matter at all. Plague is on the increase
now, and it may be hoped that the Sanitary
Board will turn their attention to preventive
measures, instead of frittering away their time
in what is admittedly a trivial matter, even by
those who bring it forward. Nothing is to be
expected in the shape of help and advice to
these fellow-servants in the Board, when the Vice-
President says, practically, that he doesn't know
what the custom in the matter *sub judice* may
be, whether it is right or wrong, or expedient
or otherwise, he is against it, and will hold that
opinion because—well, because he will.

LEGISLATIVE COUNCIL.

This afternoon, a meeting of the Hong-
kong Legislative Council was held in the
Council Chamber at the Government Offices,

motion was carried.

for the consideration of the Council Sanitary
Bye-law (cleaning and limewashing) and
Sanitary Bye-law (House-drainage). He moved
that they be passed by the Council in order
that they might become bye-laws.The Hon. C. P. Chater, C.M.G., moved that

lowing Ordinance be passed:Whereas, by section 6 of the New Terri-
tories Regulation Ordinance (No. 18 of 1899),
it was enacted that the said Ordinance should
remain in force for the period of one year from
the date of its coming into operation, and for
such further period or periods as might, from
time to time, be determined by resolution of
the Legislative Council:And whereas, by resolution of the said Leg-
islative Council dated the 15th of March, 1900,
it was resolved that the said Ordinance should
be continued in force for a further period of one
year:It is hereby resolved by this Council that the
New Territories Regulation Ordinance, 1899,
shall be again continued in force for the further
period of one year from the 18th day of April,
1901 (inclusive).The Colonial Secretary seconded and it was
carried.

CIVIL MEDICAL DEPARTMENT.

The Attorney General moved the First
reading of a Bill entitled An Ordinance to pro-
vide for the better enforcement of discipline
among the subordinate staff in the Civil Medical
Department.The Colonial Secretary seconded and the
motion was carried.

THE PUNISHMENT OF FLOGGING.

The Attorney General moved the Second
reading of the Bill entitled An Ordinance to
consolidate and amend the Laws relating to
the Punishment of Flogging. He said the
present laws were rather complicated and
this amendment was very desirable.The Colonial Secretary seconded and the
motion was carried.The Council then went into Committee to
consider the bill clause by clause, and after
resuming, the Attorney General moved the
third-reading of the bill and it was read a third
time and passed.The Attorney General moved that the Coun-
cil go into Committee on the Bill entitled An
Ordinance to repeal all Ordinances for the
Naturalization of Persons as British Subjects
within this Colony and to make provision for
the Preservation of the Rights of such Persons.
He said that the bill had been read a second
time and the consideration of the bill clause by
clause was postponed to allow certain persons
who had not taken the oath of naturalization,
to take that oath. The Colonial Secretary
seconded and the bill was read in Committee,
after which the Attorney General gave notice
that he would move the third reading of the
bill at the next meeting.The Council was then adjourned to next
Thursday at 2.30 p.m.

FINANCE COMMITTEE.

A meeting of the Finance Committee was
held immediately after the Council meeting,
the Colonial Secretary presiding.

The following votes were agreed to:—

The Governor recommends the Council to
vote a sum of Two thousand and Twenty
Dollars (\$2,020) for the construction of a Cattle
Crematorium.The matter had been considered by the
Sanitary Board.The Hon. J. J. Keswick said he would like
to know where the crematorium was to be
situated.The Director of Public Works said the exact
site had not been settled, but the proposed site
was on a hill by the Cattle Depot at Kennedy-
town.The Governor recommends the Council to
vote a sum of nine thousand dollars (\$9,000)
for the building of a school at Yau-mai. He
said he was sure that this vote would be agreed
